CAREER OBJECTIVE

BCA student at REVA University with practical experience in Human Resources and Government Services. Highly interested in software development, web technologies, and analytical problem-solving. Seeking to strengthen my technical and professional skill sets while contributing effectively to organizational success.

WORK EXPERIENCE

HR & Government Services

Chapati & Karak — Saudi Arabia

- Managed HR administration, employee documentation, record keeping, and overall employee support services.
- Handled government services, official procedures, and direct coordination with official government platforms.
- Prepared and organized critical business documents and ensured compliance with operational administrative standards.
- Provided administrative support and resolved workplace requirements through structured problem-solving.

KEY PROJECTS

Programming Projects

Developed core academic software solutions and logic implementations using Java, C, and Python.

Web Development Projects

Designed and deployed responsive web interfaces and client-side applications utilizing HTML, CSS, and JavaScript.
